

DON BOSCO SCHOOL Bandlaguda

February 2026 Newsletter

Dear Parents, Staff, and Students,

February has been a month of meaningful learning and joyful experiences across our school community. With each passing week, we have witnessed our students grow in confidence, creativity, and collaboration—qualities that lie at the heart of holistic education.

This month was enriched by a variety of academic and co-curricular activities that not only strengthened knowledge but also nurtured values of teamwork, discipline, and respect. Our dedicated teachers have continued to inspire young minds, making classrooms vibrant spaces of curiosity and discovery.

Warm regards, Fr. Principal

World Cancer Day Observed

World Cancer Day was observed on February 3, 2026 with the theme "United by Unique". This theme emphasizes person-centred care, recognizing individual experiences and needs, and promoting dignity in treatment and survivorship planning.

The day aimed to raise awareness about cancer prevention, early detection, and treatment, while encouraging equitable access to cancer care worldwide. Activities included awareness campaigns, educational programs, and screening activities.

Class VI Lotus conducted an assembly on this occasion, to promote awareness and support for cancer patients.

GRADE-5 CULTURAL DAY

SANSKRITHI- colour, culture and celebrations.

Grade 5 came alive with colour, rhythm, and tradition as the students joyfully celebrated Cultural Day on 7th February, 2026 with the vibrant theme “SANSKRITHI.” The young performers took the audience on a cultural journey across India, presenting lively dance performances that reflected the unique traditions of different states.

Adorned in beautiful ethnic costumes, the children radiated enthusiasm and pride, truly capturing the spirit of unity in diversity. The harmonious blend of music, movement, and tradition created an atmosphere filled with joy and cultural pride. The celebration left a lasting impression, making Cultural Day a truly memorable tribute to India’s rich heritage.

Picnic to Wild Waters - A Fun Learning Experience

On February 7, 2026, students of Class 6-8 embarked on an exciting picnic to Wild Waters, a popular water park and adventure destination. The trip aimed to provide a refreshing break and opportunities for bonding among students.

The day was filled with thrilling activities like water slides, wave pools, and adventure sports. Students enjoyed the outing, making memories with friends and teachers. The picnic also promoted teamwork and outdoor recreation. The trip was a huge success, with students returning tired but delighted.

Provincial Visit: A Grand Success

From February 9-11, our school hosted a visitation by the Provincial, who interacted with teachers, students, office staff, and evening school students. He shared valuable advice and suggestions for our school's improvement.

The visit was highly productive, focusing on enhancing academic excellence and student development. The Provincial's insights and guidance were greatly appreciated by all.

The school community is grateful for his visit and looks forward to implementing his recommendations.

Celebrating Women & Girls in Science.

Class 7 Lotus conducted a special assembly to observe the International Day of Women and Girls in Science. The event highlighted the achievements of women scientists and encouraged girls to pursue STEM careers.

The assembly included inspiring talks, performances, and discussions on women's contributions to science. Students showcased projects and shared stories of trailblazing women scientists.

The event promoted awareness and empowerment, motivating girls to explore science and technology fields.

PTM Held on Valentine's Day

A Parents-Teacher Meeting (PTM) was held on February 14 for parents and students of Class 1-8. Teachers discussed student progress, addressing concerns and sharing feedback. The meeting aimed to strengthen parent-teacher-student bonds, fostering collaboration for holistic development.

Spreading Joy & Kindness

The Human Rights Club visited the Charity Sisters' home on February 16, meeting over 30 retired sisters. Students interacted, played games, and shared stories, creating memorable moments. The visit fostered compassion and social responsibility among students, while bringing smiles to the sisters' faces. A heartwarming experience for all.

Caring for the Sick (17th February)

On 17th February Class 7 Jasmine conducted an insightful assembly on International Sick Day, demonstrating "Do's and Don'ts" for caring for sick individuals. Students shared tips on supporting loved ones, promoting empathy and kindness.

The assembly educated peers on considerate actions, like offering help and being patient. A valuable lesson in compassion.

Upholding Social Justice

On 19th February 2026 Class VII T conducted an assembly on World Day of Social Justice, highlighting equality, fairness, and human rights. Students shared inspiring messages and performances, promoting awareness about social issues. The event encouraged empathy, responsibility, and action towards creating a just society.

Scouts Shine on World Scouts Day (21 February)

Scouts and Guides conducted a special assembly, highlighting their laws and promises. They shared the importance of service, kindness, and community involvement. The event promoted values like teamwork, leadership, and social responsibility, inspiring peers to make a positive impact. On the occasion the trophies and certificates were given to some scouts for their leadership, social service and volunteering work. During the assembly, Gift education trophies and certificates were awarded to:

- Students contributing over 2000
- Top contributors in school and class
- Class with the highest contribution

The event promoted values like teamwork, leadership, and social responsibility, inspiring peers to make a positive impact.

Award Ceremony – Classes 1 & 2

The Award Ceremony for Classes 1 and 2 was conducted successfully in the school premises on 25 February 2026. The young achievers were felicitated for their outstanding performance in Monthly Activities and other competitions. The event was filled with excitement and pride as students received their certificates and mementos. The radiant smiles on the faces of our little stars reflected their hard work and dedication. The ceremony not only celebrated their achievements but also motivated all students to continue striving for excellence.

Certificates distribution for monthly activities and science fair winners' mementos distribution- for Primary Section:

Primary Section Prize Distribution The primary section of our school held its prize distribution ceremony from February 25-27. Certificates, trophies, and mementos were awarded to students of classes 3-8. Students were recognized for their outstanding achievements, and contributions. The event encouraged students to strive for excellence and celebrated their hard work.

Prize Distribution for High school Students

Trophies and certificates were awarded to winners in various categories for classes 6-8 on 28 February 2026. Students were recognized for their outstanding contributions and achievements. The event celebrated student excellence and encouraged peers to strive for greatness.

Cultural Day Celebration of Nursery

Our Nursery children joyfully presented a colourful cultural programme on the theme Indian Festivals, celebrating unity, traditions and happiness.

With bright costumes, lively music and confident smiles, our little stars beautifully showcased the spirit of our rich culture at Don Bosco school, Bandlaguda on 28 February 2026. On this occasion Mehandi Kumar Pal of Nursery Jasmine was given award for 100% Attendance.

Importance of Strong Foundations in Mathematics

A strong foundation in mathematics is very important for every student during their schooling years. Mathematics fundamentals include basic arithmetic, number sense, algebraic thinking, and logical reasoning. These fundamentals train the brain to break problems into steps, recognize patterns, and find logical solutions. This habit of structured thinking is not limited to academics but is applied in regular day-to-day life as well.

Concepts such as algebra, geometry, science, and technology all rely on strong mathematical foundations.

When these foundations are clear, learning advanced topics becomes much easier and far less stressful. Students with strong fundamentals feel more confident in tackling new problems rather than memorizing formulas blindly. This confidence reduces math anxiety and encourages independent thinking.

Regular practice of basic mathematics strengthens memory, attention, and mental flexibility. Math fundamentals are like the foundation of a building—if they are strong, everything built on top remains stable. They help learners think clearly, solve problems efficiently, manage real-life tasks, and succeed both academically and professionally.

At **Don Bosco School, Bandlaguda** we are committed to making this foundation strong and building confidence in our students. We firmly believe that when students are good at mathematics, it leads to better understanding and improved performance in other subjects as well. Our aspiration is to make every student strong in their fundamentals.

As the academic year comes to an end, we would like to sincerely thank all our parents for their trust and continued support. We look forward to continuing with the same commitment and dedication in the coming academic year.

Thank you.

Sreelatha

IIT Foundation Coordinator
