SCHOOL NEWSLETTER MARCH 2026

KINDERGATEN GRADUATION

MESSAGE FROM THE PRINCIPAL

Dear Parents, Staff, and Students,

March has been a month of joy, growth, and memorable milestones in our school community. One of the highlights was the **Kindergarten Graduation Day on 16 March 2026**, where our youngest learners delighted us with their cheerful performances and proudly received their graduation certificates. It was a heartwarming celebration of their achievements and the beginning of a new chapter in their learning journey.

Beyond this special occasion, March has been filled with vibrant activities, cultural events, and academic progress. Each initiative has reflected our commitment to nurturing confidence, creativity, and a love for learning among our students.

As we step into the coming months, let us continue to build on this spirit of growth and collaboration. Together, we will ensure that every child feels supported, inspired, and ready to embrace new challenges with enthusiasm.

Warm regards, Fr. Principal

The Kindergarten Graduation Day was joyfully celebrated, marking a special milestone for our young learners on 16 March 2026. The little graduates delighted everyone with their performances and proudly received their graduation certificates. It was a memorable celebration of their growth and the beginning of a new learning journey. The event was filled with cheerful performances, songs, and heartfelt moments as the children confidently showcased their talents.

Scouts and Guides Camping

A camping program for Scouts and Guides was successfully conducted on 16th March from 8:30 a.m. to 1:00 p.m. The camp began with a flag hoisting ceremony, creating a sense of discipline and unity among the participants.

During the camp, students attended informative theory classes where they learned important scouting skills and values. This was followed by various games and fun activities that encouraged teamwork, leadership, and cooperation.

Overall, the camping program was an enriching and enjoyable experience for all the Scouts and Guides.

The Term 2 Parent–Teacher Meeting (PTM). A Parents-Teachers Meeting was held on 23rd March 2026 for the classes from Nursery to Class 8. The meeting was conducted in connection with the promotional examination. Parents actively participated and discussed their children’s academic performance and overall progress with the teachers.

Teachers provided feedback on students’ strengths and areas for improvement, and also guided parents on how to support their children’s learning at home. The meeting helped in strengthening the cooperation between parents and teachers for the better development of the students.

Menstrual Hygiene Management Awareness Program

A Menstrual Hygiene Management Awareness Program was conducted on 25 March 2026 for the girls of Class 10 in their classroom. The main objective of the program was to create awareness about the importance of maintaining proper hygiene during menstruation.

During the session, students were educated about safe and healthy practices, the use of sanitary products, and the importance of cleanliness to prevent infections. They were also encouraged to break myths and taboos associated with menstruation and to speak openly about their concerns.

The session was interactive, allowing students to ask questions and clarify their doubts. Overall, the program was informative and helped in promoting confidence, health, and well-being among the students.

Animation Training Program for Pre-Primary Teachers

An animation training program for pre-primary teachers was conducted on 24th and 25th March 2025 by the publishers. The session aimed to enhance teachers' skills in using animation techniques to make classroom teaching more engaging and effective for young learners.

The training covered various creative methods, tools, and practical demonstrations that can be easily implemented in daily teaching. Teachers actively participated and gained valuable insights into making lessons more interactive and enjoyable.

Overall, it was a very enriching and informative training program that will greatly benefit both teachers and students in the learning process.

Teacher Training for Primary teachers.

The training session for the primary teachers was held on 25 March 2026 focused on improving teaching practices through effective lesson planning, clear objectives, and practical classroom strategies. Teachers learned to design lessons based on learning outcomes and follow a structured approach that includes teaching followed by student practice.

Students were categorized into three groups—Comprehension Level, Conceptual Level, and Procedural Level. Comprehension-level students struggle with reading and understanding; conceptual-level students can read but lack clarity of concepts; and procedural-level students understand concepts but tend to make mistakes during exams.

The session also included guidance on preparing lesson plans for remedial classes, enabling teachers to design targeted instruction to address specific learning gaps.

Key areas covered included Bloom's Taxonomy, identifying learning gaps, and implementing effective remediation strategies. Teachers were encouraged to adopt small group teaching and regularly analyze student progress (every 15 days).

Activities such as group discussions and framing questions based on Bloom's Taxonomy helped teachers apply these strategies in a practical manner.

Conclusion:

The session was informative and provided valuable strategies to enhance teaching effectiveness and improve student learning outcomes.

Commencement of the Academic Year 2026–27

The new academic year 2026–27 commenced on 30 March 2026 with great enthusiasm and excitement among students and staff. The school campus was filled with a positive and welcoming atmosphere as students returned after their holidays, ready to begin a new journey of learning.

The day began with a warm welcome extended to all students. Teachers greeted the students and guided them to their respective classrooms. Special attention was given to new students to help them feel comfortable and settle into the school environment.

Class teachers introduced the syllabus, rules, and expectations for the academic year. Students were encouraged to actively participate in both academic and co-curricular activities to ensure their overall development.

The commencement of the new academic year marked a fresh start, bringing new goals, opportunities, and aspirations for both students and teachers. The school looks forward to a productive and successful year ahead.

DON BOSCO SPORTS ACADEMY

SUMMER/REGULAR COACHING PROGRAMS

Join us this summer and take your skills to the next level!

Programs starting 1st Apr 2026 at our school campus

Choose from:

- Athletics
- Football
- Volleyball
- Handball
- Skating
